

Tobacco...

Workshops how Harm

The annual BYU Tobacco Education Workshop, ending Friday, will be the close of another series of workshops designed to show harmful effects of the use of tobacco.

CONSISTING OF A SERIES lectures, movies and practical elements, the workshop was presented to approximately 35 of teachers, counselors and principals from many areas in the state.

Prominent physicians lecturing physiological effects of tobacco on the human body included Wallace J. Burdette, member of the U.S. Surgeon General's advisory committee on smoking in health; Dr. Jack B. Trunnell, director of BYU Center for Cell Research; Dr. Samuel L. Farver, professor of Utah Medical school; Dr. Ernest L. Wilkinson, Salt Lake City heart specialist.

EVAN A. MADSEN, teacher seventh and eighth grade science and mathematics in the Jordan School District in Sandy, said the workshop "It graphically dramatically brings to mind effects of smoking on both individual and the general public."

Continuing he said, "It alerts us to the necessity and at value of warning our youth the dangers involved in continued smoking."

Mrs. Irene Anderson, the workshop's only representative from Idaho, considered the program great success and plans to repeat next summer. She teaches first grade at the Imlay pool in Lovelock, Nevada.

DR. RAY WATTERS, of the U.S. Health and Safety Education Department who directed the workshop, remarked that the workshop was successful because participants gathered their practical materials for presentation in their individual classrooms.

George Gibson, internationally known performer, will present the first in the series of Summer Festival concerts Monday and Tuesday in the Joseph Smith Auditorium.

Provo, Utah

Legislation Issues Cancer Warning

WASHINGTON—The Senate, Sen. Marjorie D. Neuberger (D-Ore.) proposed several amendments which were defeated. One amendment would have required cigarette packages to carry a one year moratorium imposed on the Federal Trade Commission regulation of tobacco advertising in relation to health.

Another Neuberger amendment would have required

that a statement of the average nicotine and nicotine content of each cigarette be stated.

According to Neuberger is also a bill which requires package labeling but permanently bars any federal or state interference in advertising. Sen. Robert F. Kennedy (D-N.Y.) said that the bill "is what the cigarette industry really wants."

If THE HOUSE now passes the measure, then each cigarette package and carton would be re-statement on it: "Caution: Cigarette smoking may be hazardous to your health."

ANOTHER NEUBERGER amendment would have required

that a statement of the average nicotine and nicotine content of each cigarette be stated.

According to Neuberger is also a bill which requires package labeling but permanently bars any

federal or state interference in advertising. Sen. Robert F. Kennedy (D-N.Y.) said that the bill "is what the cigarette industry really wants."

that a statement of the average nicotine and nicotine content of each cigarette be stated.

Gibson Opens Summer Festival; Four Top Artists To Follow

Bass-baritone George Gibson will open the 1965 Summer Music Festival at Brigham Young University Monday and Tuesday in the Joseph Smith Auditorium.

GIBSON WILL open the Festival Monday at 8:15 p.m. with "Dichterliebe" by Schumann. He will also sing "Don Quixote" songs by Ravel, Brahms' "Gypsy Songs" and Bartolo's aria from "The Barber of Seville."

At 8:15 p.m. Tuesday, Gibson will present "Gypsy Songs" again, as well as two arias by Verdi, "Kain Has Fallen" and "I Hear an Army" by Samuel Barber, concluding with three early selections by Monteverdi, Purcell and Arne.

MICHAEL CANNON, BYU summer resident, will accompany him.

He returned to the United States to obtain a master's degree in voice at University of Texas in 1959. Since then he has been on the music faculty of Northwestern State College.

HE HAS APPEARED in concert and stage productions throughout the

country singing roles in "Aida," "Tosca," "La Boheme," "Capriccio," "A Masked Ball" and many others.

Critics have acclaimed his "resonant bass voice" and the "magnificent quality" of "his deep, engaging tone." Joe Lawler in *The Santa Fe Scene* reviewed Gibson's performance in "La Cenerentola" as "very substantial... pleasing quality... extremely well controlled."

MEZZO-SOPRANO Margery MacKay will appear next on the summer schedule June 28 and 29. The singer has been affiliated with New York City Opera, Cosmopolitan Opera of San Francisco, Lyric Opera of Chicago, Seattle and Los Angeles Opera companies. Recently she received the role of Mother Abess on the film "Metropolis" and "The Sound of Music."

Metropolitan Opera soprano Robert McFerrin will bring the McFerrin Sextet to Provo, July 12 and 13. Hailed as one of the world's greatest living baritones, McFerrin has appeared previously before enthusiastic Music Festival audiences.

MARILYN NEEDLEY, brilliant piano virtuoso, will appear July 21 and 27. Miss Needley made her piano debut at age five in a Bach Festival in Los Angeles, Calif.

Concluding the Music Festival Aug. 2 and 3 will be the Schoenfeld Ensemble, featuring violinist Alice Schoenfeld and cellist Eugene Schoenfeld.

Jr. English Test Set Saturday

The final Junior English Proficiency Examination before August graduation will be given Saturday at 8 a.m. in 1967 May 19, 1968, said John Harris of the Junior English Proficiency Committee.

THEIR WILL only be one examination instead of the usual two, because the Teacher Education office now has made arrangements to handle the certification part of the test, said Harris.

To be admitted to the test students must present their activity card with photo attached, noted Chairman Harris.

Universe To Publish

Tri-Weekly

Due to the substantial growth of the BYU Summer School staff, the Daily Universe will begin this summer to publish three editions a week, according Linda Hansen, summer editor.

To more fully accommodate the studentbody the paper will be published on Tuesday, Thursday and Friday. Distribution will be approximately 9 a.m., according to Frank Haymore of the BYU Press.

In confirming the change to tri-weekly publication Dr. O. R. Smith, chairman of the Student Publications Board, noted that the newspaper will make possible fuller coverage of campus events and activities.

In setting Universe policy Miss Hansen said that anyone desiring to have a news event published should have the necessary information in the office (338B Wilkinson Center) two complete days prior to publication.

She also urged anyone interested in writing in any area, especially sports and society, to contact her after noon at the office or by calling BYU Ext. 3096.

Library Changes Books To Improve Service

by Douglas Wright

If it has been some time since you might have better library service, according to the Library Director's Office.

For instance, reference books in history, religion, philosophy

and genealogy have been moved; these publications will be given

to the fourth level. All reference books in education, business and the social sciences have been moved to the reference area on the third level.

Service involving the use of

to librarians on these floors, the Director's Office said.

DURING THE SUMMER these reference books dealing with literature, art, language and music will also be retained and serviced in the general reference area. In the fall this subject reference material will be moved to the fifth level where its use will be serviced by the humanities and arts librarians.

These reference books have

been moved to reference areas of the various subject levels so that books on certain subjects and related reference materials can be found on the same level and so that students and faculty might receive specialized refer-

ence service from librarians with related subject training.

THE RESERVE BOOK room

is now more conveniently locat-

ed on the ground floor, third

level, in the northeast corner of the central reference area. The newspapers, formerly in this

space, have been moved to the

area near the south entrance.

LIBRARIANS AT THE refer-

ence desk on the third level will

continue to give assistance in the

use of general periodical indexes,

the catalog, national and trade bibliographies, encyclopedias, handbooks and yearbooks.

The telephone extension for re-

serve is still 2947.

Judy Johnson is shown in the new location of the reserve book room, now located on the ground floor, third level, in the north-

east corner of the general reference area. Several changes have helped to make better library service.

Orbiting The Universe...

NEW CABINET POST

WASHINGTON—A bill to create a cabinet-level department of housing and urban development now goes to the Senate after passing the House earlier this week.

Votes for the bill were nine Republicans and 208 Democrats. Voting against were 188 Republicans and 66 Democrats, most of them from the South. Southern opposition was prompted largely by the suspicion that President Johnson might name a Negro to the cabinet post.

NATIONAL DEBT \$228 BILLION

WASHINGTON—The Senate this week voted to raise the national debt ceiling four billion dollars to an all-time high of \$228 billion. Sen. Everett Dirksen liked it to a nowhere ride on the up and down elevators. The down part of the elevator ride this week was when the Senate voted an estimated \$4,800,000,000 cut in excise taxes.

YOUNG REPUBLICANS TOLD "GET IN BALL PARK"

MIAMI BEACH—Sen. Jacob K. Javits, the liberal Republican Senator from New York, addressed the 2,000 delegate Young Republicans convention here. Said Javits: "If we want to be one of the two big political teams, we have to be inside the ball park playing the game, not over the left or right field fence."

DENVER FLOODS

DENVER—Thunderstorms have caused the evacuation of residents in the Denver area. Bridges were destroyed and rail and highway traffic was temporarily halted.

SIX U.S. BATTALIONS TO ASIA

WASHINGTON—As the roll of American combat dead in Viet Nam rose to 148 this week, Sen. George McNamee announced that six more battalions and supporting troops are being

sent to South Viet Nam. This will bring U.S. forces to between 70 to 75 thousand men in the Viet War.

JUNE CONFERENCE

SALT LAKE CITY—The annual M.I.A. conference of the LDS Church begins Friday and continues through Sunday. Superintendent of Church Schools and President Frances S. Jacobson said, "We believe that this is the most important youth conference in all the world." The theme for the conference is "Love Lights the Way in M.I.A."

GOLDWATER FOR SENATE

SCOTTSDALE, ARIZ.—Barry Goldwater, last year's Republican nominee for president, announced this week that he will run again for the U.S. Senate in the 1968 election, even if it means running against an old friend, Democrat Carl Hayden. Goldwater has been publicly thinking about running again for the Senate, but this is his first definite announcement.

As I See It...

AS I SEE IT...

by Byron Cannon Anderson

During the spring semester I wrote a weekly political column for the *Universe*. Some said that it was more weak than it was political.

Because of the overwhelming unanimous approval which my column received; after much coaxing by the studentbody, editor, the faculty, Robert Welch, and President Johnson, I have finally given him his valuable consent to write again this summer. However, my consent is conditional. I will only write if I continue to get the same type of unanimous studentbody support (5 students out of 18,731).

The real reason that I am writing is that I believe in the right to work and writing a column is real work. Communists also believe in the right to work. For those who are not aware, there is universal employment. Some Russians are looking down upon even Siberia. But even these second class citizens are given the right to work (or be shot). This is why the government generously provides salt mines and concentration camps.

Since the Russians guarantee the right to work, L.B.J. figures he will be anti-communist and do just the opposite. He wants to take away state right to work laws.

Actually, Johnson has proposed the repeal of section 14 B of the Taft-Hartley Act. He voted for the act when he was a congressman. When Truman vetoed it, Johnson supported his president's veto. Repeal of the bill now would mean, in many cases, that men would be fired from their jobs if they refused to pay union dues.

Labor unions are good and necessary organizations. However, let us suppose that Barry Goldwater had been working in a factory a year ago and let the administration give him his "union shop" arrangement like L.B.J. wants. We will also make the supposition that the unions was heavily influenced by communists (as several of them are) and the Communists refused to pay union dues.

In the absence of right-to-work legislation, Goldwater would be fired.

On the other hand, if he pays his dues to keep his job, what would happen? The union might call a strike so he couldn't work anyway even if he wanted to. His union dues would be used to support the communists and probably the Johnson and other Democrats or left wing. How many unions can you name who support conservatives? Probably none.

In 1963 (an off year politically), the United Auto Workers and Walter Ruther spent over \$23,714,00 of union funds for political purposes. In 1964, AFL-CIO, SNC, Martin Luther King, SANE, Group Research, Americans for Democratic Action (ADA). No wonder President Johnson wants to repeal section 14 B and thereby put more money into union funds and political leftist pressure groups.

Mr. Anderson

Comment and Controversy

Misguided Missile!

A Skateboard is a misguided missile propelled by a bare-brain-ed human dynamo.

Our daughter, Jenelle, a drama major, has become a victim of this torque board on wheels. She telephoned her parents, requesting the family's Blue Cross serial number. With a sincere tear in her throat (and, I assume, a straight face) she explained that she "wasn't even riding the Skateboard, just sitting on it" and it talked to her, boy, and I fell off.

She broke her ankle and is now encased in plaster from knee to toe.

As a paternal impulsive guiding of my daughter, I deplore her nutting this opportunity to demonstrate some showmanship in this accident. To slip off a park-and Skateboard adds insult to injury.

Be that as it may, the purpose of this letter is to petition the Administration to ban the use of this weapon by students—or add a Skateboard Training class, forthwith, to the school curriculum.

Arnold Hildebrandt
Milwaukee, Wisconsin

to be driven in to the street," the fear that has been instilled in some of the wiggle and jingle "expressionists". At least on the street corner it is quiet enough to carry on a normal conversation!

John Harden

Grateful

Recently I saw a comment entitled "So Glad", in which it was stated that if we abolished the modern fad dances, we would succeed in pushing our youth into back streets, alleys, and bars, searching vainly for a mode of expression. I must say I personally have nothing against the modern fad dances; however, I'm very grateful that I never had to make a choice between dancing like a primitive savage and walking buck naked to find a way of expressing my energies.

Fortunately, I have been able to enjoy basketball, table tennis, scouting, skating, waltzing, fox trots, polkas, music, speaking, a few other hobbies and modes of expression. I'm grateful to the Lord for the programs of The Church which provide these and many other wonderful, clean activities for youths.

Diane P. Shock

Bigotry at BYU

I would like to draw the attention of the students of BYU to the following article in the Rockwell Report of December, 1964 (329.05 R59):

A FINE UNIVERSITY BY GENE ROCKWELL

I have long preached the evil of sending kids to modern American Colleges.

I truly believe it is criminal for a parent to send any child to almost any college in the USA. The child will be exposed to subtle and brilliant pressures to become a traitor—pressures he can't and doesn't understand and can't resist.

I have recently had occasion to leave a good deal of Brigham Young University in Provo, Utah. Kids are not permitted to smoke or drink, and the Mormons believe negroes are descendants of Cain, and whether they admit it or not, they intelligently "discriminate" against these black inferiors. Their grounds are "religious"—but that makes no dif-

ference. Your child can safety go to Brigham Young and come out a clean White American, with out a lot of filthy, beatnik and degenerate habits and beliefs.

I cannot make that statement about any large college I know of in the country.

What are the elements in our environment that are found to be so agreeable to the precepts of this bigoted minority in our society?

Shouldn't we as students of BYU be concerned that the attitudes and actions of a segment of our student body has caused this university of the church to warrant the name of a Hitlerite group of a professed antisemite and avowed "white supremacist"?

Why does BYU give Mr. Rockwell the impression that we are not tolerant of the Negro and other habits and beliefs?

Should not these questions be answered honestly and objectively by both sides? Let us expose this to this threat upon our institutions, or would we justly be found prejudiced?

SUMMER UNIVERSE
Published tri-weekly during the summer except during vacation and examination periods by the Associated Students of Brigham Young University for the students, staff, faculty, and visitors. Second-class postage privileges authorized at Provo, Utah, re-entered September 27, 1962, under authority of Postmaster General. Printed by the Brigham Young University Press, Provo, Utah. U.S.A.
Editorial rates \$6.50 per year.

\$1,675

What's the catch?

There isn't any.

\$1,675 is the suggested retail price of the port of entry for the Volkswagen Sedan.

The price includes Federal excise tax and import duty.

It includes the built-in heater/defroster, windshield wiper, electric windshield wipers and dual padded sun visors.

It's the price of the real thing; not a stripped-down economy model.

What else do you have to pay?

The charge for transporing the car from the port of entry, dealer delivery charge, and local sales tax.

And that's it.

Maybe you should come by and talk to us.

With a price tag like this, you can hardly afford not to.

Vicker Takes Y Linksters To NCAAs Tennessee Site Of Championships

members of BYU's golf team, including the recent winner, Mick Riley Memorial Golf Tournament, Mike Smith, will represent the Cougars in the NCAAs next week in Knoxville.

KACH KARL TUCKER and members will begin their tourney for the University of Texas campus where the 68th NCAAs championships will underway Monday with a ice round.

Other members of the team for the tournament are Ridd, Craig Ridd, Mike Read and Bruce Dufour. The BYU up was one of three teams the Rocky Mountain area in to play in the NCAAs tournament.

Ridd was selected as a ber of the West team which meet the East team in an action best ball match Tues at the Holston Hills Country

"There is exceptionally fine talent in this tournament, as you can imagine," said Tucker, who this spring guided the Cougars to their best season on record. "We will be very lucky to stay with this crowd."

Favorites in the tournament are Houston (winner of seven out of the last nine championships), Oklahoma State, USC and San Jose State.

IN THEIR LAST tournament action the Cougars tied for second place in the WAC meet. Prior to that they finished second in the BYU Invitational, and first in the Pike's Peak Tournament.

From Knoxville, members will travel to New York City where they will join the tennis and track teams for the start of the European tour.

Top National Guest Instructors Arrive on Campus For Summer Terms

The Assistant Executive Secretary of the American Association for Health, Physical Education and Recreation; Director of the Economic Education Center at the University of Minnesota; and the provost of the Duke University will be among the 25 guest instructors who will be at summer school this year.

Dr. Jackson M. Anderson, of Health and Recreation will conduct a seminar in recreation during the summer session at the summer school. He was an assistant professor of education at Purdue University and a former Chief of Recreation for American Airlines.

Director of Economic Education, Dr. Roman F. Warkwick will conduct a workshop in economic education. Dr. Warkwick is the executive director of the Minnesota State Council on Economic Education.

Teaching classes in vertebrate history and etiology of brain injury is Dr. Kenneth Lindsay Duke of Duke University. He is a graduate of BYU, and received his Ph.D. from Duke University. He is a specialist in neuro-otology.

Other featured guest instructors include: Harold J. Boyack, assistant superintendent of Provo City School; Michael Cannon, student at the Juilliard School of Music; Bosina Clara, instructor at Iowa State University; John Cralo, medical educator for the blind; Robert H. Hale, physician and surge-on-eye specialist; and Ruth Hammond, remedial reading teacher.

Also as guest instructors are O. M. Hamer, chairman of music education at the University of Arizona; Helen Heffernan, chief of the bureau of elementary education at California State Department of Education; Ethel L. Horner of the department of home economics at University of Michigan.

Others include Arthur Augustus Leah, independent movement art teacher and composer performer with Dancer's Workshop Company; Ralph Melerano, humorist; Dr. James E. McWhorter Snoffit, past superintendent of Provo City schools; Clark Mountakas, professor at Merrimack-Palmer Institute; James Nelson, doctor of music.

Also at BYU will be Cecil C.

Summer Music Workshops Start Monday

A series of summer music workshops for public school teachers will be held on campus beginning Monday through Aug. 20.

THE OPENING WORKSHOP will be "Music in the Elementary School" from Monday to July 2. Guest Director will be Dr. O. M. Hamer, who has been state supervisor of music in Montana and state director of music in Virginia.

"Supervision and Administration of Music in the Public Schools" will be the second workshop from July 20 to Aug. 3.

During this session will James Nielsen, professor of instrumental music education at Oklahoma City University. He also is the supervisor of education publications.

THE FINAL WORKSHOP "Basic Concepts in Music Education" is set for Aug. 6 to 20. The course will explore the philosophical and historical aspects of music education. Dr. A. Harold Goodman, director of the UU Music Dept. will be the instructor.

In addition to the summer workshops, BYU will also host a Summer Music Clinic from July 26 to Aug. 7.

Orchead: Ex. D. Pinegar; **Robert A. Rossell Jr.**, director of Indian Education at Arizona State University; **Philip Sorenson**, assistant professor economics at Claremont Men's College; **Gardner A. Swanson**, principal of Brookhurst Junior High School; **Ethel B.**

Waring, former professor of child development and family relationships at Cornell University; **Kenneth E. Wright**, director of pupil personnel at Provo City; and **Clarence John Welden**, assistant superintendent and business manager at Nebo School District.
